## Shawn Bradstreet's Post

The seizure of $225 Million was an amazing feat by the San Francisco Digital Asset Technology Alliance. Financial Analyst Andrew Frey and Investigative Analyst M1 worked tirelessly for months on this seizure, with the sole purpose of returning these stolen funds to the rightful victims.

I also want to acknowledge the contributions of Special Agent Meredith W. and the support from the FBI San Francisco Office.

AUSAs Kevin Rosenberg, Rick Blaylock Jr., Ethan Cantor, and Stefanie Schwartz from DOJ provided valuable assistance during the seizure process. Lastly, I would like to thank Tether.io and the various virtual currency exchanges that assisted in this investigation. This was truly a team effort of brilliant and passionate investigators and prosecutors.

This may mark the largest crypto seizure in Secret Service history, but this case is not closed yet. Stay tuned for more...
